Antifreeze Sprinkler Solutions

We offer a diverse line of high performance products, with the expertise to develop formulations specific to your needs.

Superior's antifreeze sprinkler solutions meet NFPA specifications and are designed for wet fire sprinkler systems. Our sprinkler solution products are factory pre-mixed in an ISO 9001 certified facility, non-toxic, and ready-to-use.

Antifreeze Products:

- Superguard G48* (FBC System Compatible; 48% glycerin; red dye for identification)
- Superguard G38* (FBC System Compatible; 38% glycerin; color coded orange)
- Superguard Pro 38 (38% propylene glycol solution)
- Glycerin 48% Solution
- Custom-blended products available by request

Glycerin and propylene glycol are both GRAS (Generally Recognized As Safe) per the United States Food and Drug Administration. Solution testing should be conducted annually by a qualified individual.

Typical properties, safety precautions, storage and handling guidelines can be found on the specification sheet and Safety Data Sheet (SDS).

About Superior

Superior is a 100% employee-owned, full-line chemical manufacturing and distribution company. Our carefully selected and trained team members offer service for additional high-quality products such as: descalers, defoamers, aqueous products, and heat transfer fluids. Technical and compliance support is provided by our impressive number of degreed chemists and environmental experts.

Headquartered in Indianapolis, Indiana, Superior operates nine full-service terminals in the Midwest, including a chemical recycling refinery in Connersville, IN. Enhancing our customer service, we also own and operate a dedicated fleet which services our entire region.

Superior is committed to long-term viability and sustainable growth which are accomplished through our continued dedication to innovation and quality.

**Superguard G48 and Superguard G38 are part of the FBC System Compatible Program*

FBC™ System Compatible indicates that this product has been tested, and is monitored on an ongoing basis, to assure its chemical compatibility with FlowGuard Gold®, BlazeMaster® and Corzan® pipe and fittings. FBC™, FlowGuard Gold®, BlazeMaster® and Corzan® are licensed trademarks of The Lubrizol Corporation or its affiliates.
